

**CITY OF HAYWARD**  
**AGENDA REPORT**

AGENDA DATE 05/22/01

AGENDA ITEM 5

WORK SESSION ITEM           

**TO:** Mayor and City Council

**FROM:** Director of Public Works

**SUBJECT:** Arterial Pavement Rehabilitation – Phase II: Approval of Plans and Specifications and Call for Bids

**RECOMMENDATION:**

It is recommended that the City Council approve the attached resolution that approves the plans and specifications for the Arterial Pavement Rehabilitation – Phase II and calls for bids to be received on June 19, 2001.

**BACKGROUND:**

On February 9, 1999, the City Council authorized staff to apply for \$3.6 million of federal funding for street overlays. The funding was approved in two phases. The first project phase, currently under construction, consists of deep-lift asphalt concrete spot repairs, grinding of existing pavement, and pavement overlays on Industrial Parkway from Ruus Road to Mission Boulevard and on Tennyson Road from Hesperian Boulevard to Mission Boulevard. This second project phase consists of the same scope of work on Hesperian Boulevard from West "A" Street to Sleepy Hollow Avenue; on Industrial Boulevard from Clawiter Road to Tennyson Road; and on "A" Street from Hathaway Avenue to Montgomery Street as shown on Exhibit A.

The project is categorically exempt under the "Minor Alteration of Existing Facilities" section of the California Environmental Quality Act Guidelines. Additionally, the Local Assistance Branch of Caltrans concurs that the project is categorically excluded from the National Environmental Policy Act.

The federal Disadvantaged Business Enterprise (DBE) program applies because the project is primarily funded with federal funds. Under the federal program, there is no separate category for Women Business Enterprises (WBE) and the single goal can be met with any combination of DBEs or WBEs. The established goal for this project is 12 percent, which is based on staff's evaluation of available subcontracting opportunities for this project and an analysis as to which portion of the subcontracting would be reasonable to set aside for DBE participation.

**PROJECT COSTS:**

The estimated costs for the project are:

Design and Administration	\$ 65,000
Construction Cost	2,487,000
Inspection and Survey	<u>68,000</u>
Total	\$2,620,000

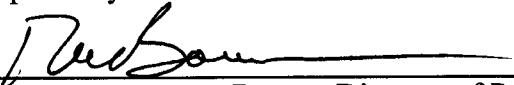

**FUNDING:**

The proposed 2001/2002 Capital Improvement Program Budget includes \$2,625,000 in the Street System Improvement Fund for this project. The City will be reimbursed 88.5 percent by federal funds.

**SCHEDULE:**

Open Bids	June 19, 2001
Award	July 17, 2001
Begin Construction	August 13, 2001
Construction Complete	December 7, 2001

Prepared by:

  
Robert A. Bauman, Deputy Director of Public Works
